QUOTE OF THE MONTH

"If there is any larceny in man, golf will bring it out."

-Paul Gallico,
Writer

THE PRO'S VIEW:

Continuing our series on how to best manage your play at Monterey Pines Golf Course, this month our focus is on:

Hole #14 373 yards, Par 4

"The tee shot on this hole is very important. It should be long and straight or even slightly to the left side of the fairway. This will leave you a manageable lie for your approach shot to the green. If the drive is missed to the right, you will undoubtedly be faced with a difficult approach shot from a soft dirt-type lie."

"The green is elevated and sloped toward the player. This means choosing at least one extra club and carrying the shot to the green. If your approach shot missed the green, it is better to be below the hole, leaving an uphill chip shot."

"The easiest putt on this hole is from below the hole. Putting from above or the side of the hole brings a chance of three putting into play."

Remember, have fun, play smart and (most of all) enjoy the game of golf! Join us again next month when we talk about how to approach hole number fifteen. Just one last quick reminder, when you finish playing a hole, please repair your ball marks and divots. Thanks! We look forward to seeing you on the course at Monterey Pines!

The Rules of Golf: Rule 16 The Putting Green

Definitions:

The "*putting green*" is all ground of the hole being played which is specially prepared for putting or otherwise defined as such by the *Committee*. A ball is on the *putting green* when any part of it touches the *putting green*.

The "*line of putt*" is the line which the player wishes his ball to take after a *stroke* on the *putting green*. Except with respect to Rule 16-1e, the *line of putt* includes a reasonable distance on either side of the intended line. The *line of putt* does not extend beyond the *hole*.

A ball is "*holed*" when it is at rest within the circumference of the *hole* and all of it is below the level of the lip of the *hole*.

16-2. Ball Overhanging Hole

When any part of the ball overhangs the lip of the *hole*, the player is allowed enough time to reach the *hole* without unreasonable delay and an additional ten seconds to determine whether the ball is at rest. If by then the ball has not fallen into the *hole*, it is deemed to be at rest. If the ball subsequently falls into the *hole*, the player is deemed to have *holed* out with his last *stroke*, and he shall add a penalty stroke to his score for the hole; otherwise there is no penalty under this Rule.
